MCT2D Census Survey

- We have asked each practice to complete a census survey by December 1st .
- Survey is approximately 15 questions and asks about staffing (clinical pharmacist, nurse care manager, dietitian), insurance mix, EMR, and quality improvement resources.
- Reminders will be sent on November 14th and 24th to any practice who has not yet completed this.

Purpose: Ensure that we have accurate, up-to-date information on practices to support work with the Michigan Value Collaborative, and for us to determine how we can best support practices based on their resources.

Extra Points Opportunity

If physician and practice level VBR are both completed by 1/1/2026, your practice will earn 5 extra credit points on the VBR scorecard!

These points can be used to increase your practice's score up to 100 points. Practices who go over 100 points will not receive additional value based reimbursement.

Performance Reports

Later this month, we will be distributing performance reports for the PCP uACR measure, the PCP A1c measure, the Endo CGM interpretation measure, and the Nephro uACR measure.
Reports will be available in the MCT2D Admin Portal and we will email you when these are available. Practices with Admin Portal access will be able to view their own reports.

Note: We are also working on adding specialist baseline rates to the admin portal so all of this information can be found in one place.

Target Rate for A1C

At this point, we have not received HEDIS benchmarks for commercial yet and BCBSM is working on estimated target for the Medicare portion.

We will share updates as soon as they're available and will continue to follow up with BCBSM on these rates.

Patient Data Dashboard Updates

Adding visualizations for each of the performance measures.

Estimated Release Date: 11/30/2025

Data will be through 8/31/2025 for BCBSM/BCN/BCBSMA/BCNA

Data through 6/30/2025 for Medicaid

CGM Coverage Loss Survey

- MCT2D distributed a half page flyer yesterday, for practices to share with patients to share their stories about how having a CGM has impacted their care.

- Survey will be available until December 12th.

- Will share patient responses with insurers to demonstrate value of CGM.

# Specialist Dashboard Logins/Endocrinologist Attestation

The final requirement for specialists for this VBR year is to log into the patient data dashboard at least once, and for endocrinologists to sign an attestation that they have read our document on how patients are being attributed to them.

Link to Attestation/Data Form:

https://portal.mct2d.org/portal/endo-attribution-form

No endocrinologists have signed this yet- please remind them!
