If Talpa Network does not hear anything from (the Agency on behalf of) the Other Party within the term referred to in the e-mail, the confirmation is deemed to correctly reflect the arrangements made and the confirmation shall qualify as an Annual Agreement.
- 7.2 In the event of an adjustment of the Annual Budget included in an Annual Agreement by the Other Party, the following conditions apply:
- Shifts and adjustments within the different categories of the Annual Budget up until 10%, with the Annual Budget remaining equal, are possible while maintaining the agreed conditions.
 - In the event of shifts and adjustments within the different categories of the Annual Budget bigger than 10%, with the Annual Budget remaining equal, the conditions of the adjusted categories will be adjusted

- 7.5 If an Annual Agreement is concluded before 1 May of that calendar year and it transpires that there has been an overspend in respect of the Provisional Basic Price, this will give rise to a bonus credit balance. This bonus credit balance will be adjusted by any excess Media Space delivered (overscores).
- 7.6 If an Annual Agreement is concluded before 1 May of that calendar year and it transpires that there has been an underspend in respect of the Provisional Basic Price, the Basic Price for the relevant category will be

- 7.9 Any Production Fees, development and/or other external costs fall outside the Annual Budget.
- 7.10 Where this article 10 refers to "that calendar year", this shall mean the calendar year to which the Annual Agreement and/or the Annual Budget relates. Where these General Conditions refer to specific dates, it is assumed that an Annual Agreement is entered into for the duration of one (relevant) calendar year. To the extent that an Annual Agreement is entered into with the Other Party for the duration of a (tax) year that does not coincide with a calendar year, the dates referred to shall apply pro rata to that tax year and shall be read accordingly.

8. GROUP AGREEMENT

- 8.1 If and as soon as the Other Party of a Group Agreement (i) acquires a majority participating interest and wishes, as a Group Participant, to bring this participating interest under the scope of the Group Agreement, or (ii) as a result of the sale of shares or otherwise loses its majority participating interest and that Group Participant accordingly no longer falls under the scope of the Group Agreement, it must give Talpa Network written notice of this fact within two weeks. However, this does not affect the obligation of the Other Party of the Group Agreement to spend the Annual Budget.

The publication of the Content via other platforms or other use of the Content than permitted under the Agreement is not permitted, unless the Other Party has obtained Talpa Network's prior written consent. Talpa Network is entitled to

impose conditions to its consent, such as the payment of an (additional) fee by the Other Party. Talpa Network is not required to give its consent and may be dependent on the permission of third parties.

15.3 If a change is made in accordance with the provisions of Article 15.1, and the Other Party wishes to retain the original date or time for broadcasting the Commercial, Billboard or Brand Partnerships communication, Talpa Network will be entitled, insofar as broadcasting the Commercial, Billboard or Brand Partnerships communication at the original time is still possible, to attach new conditions to that broadcast.

15.4 If a Commercial, Billboard or Brand Partnerships communication cannot be broadcast at the original scheduled time as a result of live programming, human errors or technical failures on the side of Talpa Network (taking a reasonable margin into account) Talpa Network – without being obliged to compensate any damage ensuing from the shift in schedule or to repay amounts already paid, and with due observance of third-party rights – will endeavor to broadcast the Commercial, Billboard or Brand Partnerships communication at another time for which a corresponding Rate applies, or at another time within proximity of the original time.

15.5 Within ten (10) business days of the agreed broadcasting day, the Other Party may submit a written and reasoned complaint to Talpa Network concerning a failure to broadcast a Commercial, Billboard or Brand Partnerships communication, the incomplete broadcasting of a Commercial, Billboard or Brand Partnerships communication or the broadcasting of an incorrect Commercial, Billboard or Brand Partnerships communication. If Talpa Network regards the complaint as valid, it will endeavor to the best of its ability to offer the Other Party the most equivalent alternative possible, without being obliged to pay any compensation. Talpa Network is not obliged to compensate any damage if it demonstrates that the origin of the complaint cannot be attributed to it or is for the account and risk of the Other Party under these General Conditions.

15.6 If a special event or exceptional Programme that was not included in the initial programming schedule is unexpectedly broadcast, Talpa Network reserves the right to adjust the agreed Compensation. If Talpa Network enforces this right, the Other Party will be entitled to waive the publication of its Advertisement at the relevant moment. In such case, Talpa Network endeavours to offer an equivalent alternative.

15.7 In the event of Billboarding several Billboards in a row may occur. The Other Party cannot claim a specific position for its Billboard, unless expressly agreed otherwise.

16. FORCE MAJEURE

16.1 If Talpa Network or the Other Party is unable to perform one or more of its obligations under the Agreement because of force majeure, it may suspend the fulfilment of such obligations. Talpa Network and the Other Party respectively will not be liable for any ensuing damage in that case.

16.2 If the force majeure situation has lasted for one month or as soon as it is certain that it will last for more than one month, either of the Parties may fully or partially terminate the Agreement, without being obliged to pay any damages to the other party.

16.3 Force majeure exists if a party cannot or can no longer be required to fulfil its obligations from the Agreement because of a circumstance that cannot be attributed to it. Force majeure in relation to Talpa Network at least includes strikes, boycotts, actual or impending actions against, interruption of business operations or other business-related problems at Talpa Network, a supplier or distributor (including Partners), measures of any government body as well as the lack of any license or permission to be obtained from the authorities, terrorist acts, fire, extreme or unsuitable weather or other conditions, a cyberattack, epidemics or pandemics and transmission problems at a distributor.

16.4 Distribution problems of the Other Party or its subcontractors, rejected Advertisements, Advertisements that are not ready in time, strategy changes of the Other Party, Campaign postponements, etcetera are not regarded as force majeure.

17. LIABILITY AND INDEMNITY

17.1 The Other Party is liable for all costs (including litigation costs, costs for legal assistance, interest and cancellation costs) and damage, including any penalties, which Talpa Network suffers as a consequence of the Other Party's failure to comply with the Agreement and these General Conditions.
The Other Party indemnifies Talpa Network both in and out of court from all third-party claims in connection with the foregoing.

17.2 If Talpa Network imputably fails to comply with its obligations under the Agreement or these General Conditions, it will be liable for the ensuing damage suffered by the Other Party. In no event, Talpa Network will be liable for indirect or consequential damage and its liability will not exceed the amount of EUR 10,000 per event or series of events. Talpa Network explicitly excludes any other or further compensation of damage. Talpa Network will never be obliged to compensate trading losses, consequential damage, loss of profits or any other indirect damage, or to compensate damage arising from third-party claims against the Other Party.

17.3 Talpa Network is not liable for the loss or damage of Advertising Material supplied by the Other Party or third

parties, unless it has acted with intent or been grossly negligent.

18. COMPENSATION, INVOICING AND PAYMENT

18.1 The Other Party undertakes to pay the Media Fee and, if applicable, the Production Fee and all other compensations as included in the Agreement.

18.2 The Media Fee constitutes exclusively the consideration due by the Other Party for the delivery of Media Space by Talpa Network. If Talpa Network (also) produces Content, the agreed Production Fee and other (development) costs will be charged separately by Talpa Network to the other Party.

18.3 All prices mentioned are in Euro and exclusive of VAT, which is for the account of the Other Party.

18.4 The Media Fee due will be invoiced on a monthly basis afterwards, unless agreed otherwise. The Production Fee can be invoiced in advance.

18.5 The Other Party shall pay all amounts due without any discounts, deductions or setoff within thirty (30) days of the invoice date, unless another term is stated on the invoice.

18.6 The Other Party is not entitled to suspend any payment or other obligation.

18.7 The Other Party shall be in default by the mere expiry of a payment term or a term for performance of any other obligation, without any notice of default being required. As from the occurrence of default, the Other Party shall owe interest of 2% per month or part thereof on all overdue amounts and shall be obliged to fully reimburse Talpa Network for its judicial and extrajudicial costs, including collection costs amounting to 15% of the amount due, with a minimum of EUR 115.

18.8 If payment of the amounts due cannot be insured by a credit insurance company, Talpa Network shall be entitled to require the Other Party to pay the amount due in advance.

18.9 In the event of cancellation or termination of an Agreement by the Other Party, the payment conditions included in this Article 18 remain applicable.

19. TERMINATION AND SUSPENSION

19.1 If the Other Party is in default or if one of the cases specified in paragraph 2 occurs, all receivables that Talpa Network has against the Other Party, for whatever reason, will become immediately due and payable in full and Talpa Network will be entitled to suspend and/or fully or partially terminate the performance of any Agreement with the Other Party. The above does not affect Talpa Network's other statutory rights or rights under the Agreement.

19.2 If the Other Party enters into a debt settlement with its

creditors, is given a moratorium on the payment of its debts, is declared bankrupt or put into liquidation, or if attachment in execution or a pre-judgment attachment is levied against it and not lifted within fourteen (14) days, Talpa Network will be entitled to suspend and/or fully or partially terminate the performance of any Agreement with the Other Party.

20. CONFIDENTIALITY

20.1 The Parties acknowledge the strict confidential nature of the Agreement and of all information provided under this Agreement and in relation to its formation. The Parties will not disclose this information to third parties in any way. This obligation applies both during the term of this Agreement and after it expires.

20.2 If the Other Party fails to comply with the obligation referred to in Article 20.1, all benefits and discounts that the Other Party enjoys on the basis of the Agreement will cease to apply with retroactive effect. The claim for repayment of these benefits and discounts will be immediately due and payable because of the failure to comply with the obligation referred to in Article 20.1, but this does not affect Talpa Network's right to full compensation of the damage that it is suffering or will suffer.

20.3 The obligation to observe confidentiality, as referred to in Article 20.1, also applies to any disputes that arise between the Parties.

21. VARIOUS

21.1 Unless explicitly agreed otherwise, the Other Party does not have any (branch) exclusivity with respect to the products or services promoted by means of the Advertisements. Talpa Network can at its own discretion accept and schedule advertisements of third parties.

21.2 The Other Party is aware that in respect of the Programmes, Talpa Network is (editorially) independent and that in connection therewith, Talpa Network is at all times entitled to give binding instructions in respect of the Programmes it publishes.

21.3 In cases in which these General Conditions do not provide for, Talpa Network will decide, taking into account the Other Party's reasonable interests.

22. APPLICABLE LAW AND JURISDICTION

22.1 Dutch law exclusively applies to these General Conditions and all Agreements that are entered into between Talpa Network and the Other Party.

22.2 Insofar as the law does not prescribe otherwise, all disputes that arise from an Agreement or these General Conditions will be subject to the judgment of the competent court in Amsterdam. However, Talpa Network is entitled, simultaneously or otherwise, to bring its claims against the Other Party before other courts or judicial tribunals that have jurisdiction under national or

international rules of law to take cognizance of such claims.

PART II: CONDITIONS TV SPOT AND TV BILLBOARDING

23. GENERAL

23.1 The arrangements in an Annual Agreement relate to the commercial conditions under which TV Spot and TV Billboarding is purchased on the Channels by or on behalf of the Other Party and/or its Group Participants. Talpa Network does not warrant the availability of TV Spot and TV Billboarding as and when desired by the Other Party. Talpa Network is not in any way liable for the consequences of the unavailability or inadequate availability of TV Spot or TV Billboarding.

23.2 Talpa Network processes requests for the purchase of TV Spot and TV Billboarding only if the product for which the request is made is suitable, in its opinion, for the requested target group.

23.3 The total Spot group is taken into account for the calculation of the Compensation for Twin Spots. In other words, all Spots, including short reminders, are included for determining the Compensation. For Ident spots, this means the 'tailor-made isolated Spot' and the 'Commercial' that collectively form the Spot group, as described in article 27.2.2.

23.4 Preferred positions that have been allocated once may continue to count towards the preferred position rate that has been agreed in the Annual Agreement, even if these positions have ceased to exist due to the optimization of the broadcasting schedule. If the use of Twin Spots leads to the use of extra preferred positions, these positions will count towards the actual preferred position rate.

23.5 Any compensations will take place in TV Spot and TV Billboarding respectively, against the Rates and conditions applicable at the time of broadcasting.

23.6 If the Other Party also purchases online (non-spot) Media Space at Talpa Network, it agrees that Talpa Network may apply technical measures relating to online commercials, such as a tag, pixel and cookie, for the purpose of measuring reach and audience ratings. The Other Party must cooperate fully in the application of these technical measures. The Other Party must follow Talpa Network's instructions for this purpose and comply with the prescribed specifications and conditions which apply from time to time.

24. RATES

24.1 The Annual Budget TV Spot and TV Billboarding is specified in the Annual Agreement. These amounts are based on a spot length of 30 seconds for TV Spot and 5 seconds for TV Billboarding.

24.2 Depending on the chosen Purchase Type, Talpa Network multiplies the Basic Price TV Spot by the indices specified in the Purchase Options. Payment for

all Purchase Types is made on the actual gross rating points (GRPs) based on the average audience ratings of the relevant Commercial Break.

24.3 If a 'free' preferred position rate is specified in the Annual Agreement, the amount for which free positions can be purchased must be calculated by applying the rate (expressed as a percentage), to the Annual Budget TV Spot. Example: in the event of an Annual Budget TV Spot of €1,000,000 and 15% 'free positions', it is possible to purchase a Spot value/Spot group value for a budget of €150,000 (i.e. €1,000,000 x 15%), including the surcharge, on a preferred position basis.

25. BONUS CREDIT BALANCE TV SPOT

25.1 The withdrawal and use of a bonus credit balance TV Spot is subject to a monthly maximum that is equal to the requested budget for the relevant month per Campaign.

25.2 If the Other Party wishes to request TV Spot in a given month on the basis of a bonus credit balance, this request must be made directly in the first round of requests. The terms and conditions of the Annual Agreement remain fully applicable to the use of bonus broadcasting time.

25.3 Preferred positions are not allocated within the bonus credit balance TV Spot, which must be used – at the risk of otherwise being forfeited – before the end of the term of the Annual Agreement.

25.4 The delivery of bonus broadcasting time is subject to availability, whereby Talpa Network has a best efforts obligation to deliver the bonus credit balance. A possible remaining bonus credit balance expires after the date included in the Agreement.

25.5 'Paid' TV Spot that has already been allocated cannot be converted into bonus broadcasting time.

25.6 If 'paid' TV Spot and bonus broadcasting time are used for the same product in the same month, overscores and underscores will be set off against each other.

25.7 In the event of a contract bonus or an outstanding broadcasting credit resulting from a cc-settlement, Talpa Network is entitled to set off overscores with the contract bonus, up to a maximum 3% of the monthly budget TV Spot (including bonus).

26. CANCELLATION

26.1 If a booked Campaign Budget TV Spot is cancelled, Talpa Network will be entitled to charge the following cancellation costs to the Other Party:

- i. 100% of the total cancelled Campaign Budget TV Spot for the given month, if cancellation occurs within a period of two business days before the broadcasting date of the Commercial;
- ii. 4% of the total cancelled Campaign Budget TV Spot for the given month, if there has been a cancellation and/or shift of more than 25% of the originally requested Campaign Budget TV Spot and if cancellation occurs

within a period of two business days before the first requested broadcasting date of the Commercial. Shifts are regarded as a cancellation and invoiced as such.

26.2 Talpa Network takes the requested and/or allocated Campaign Budget TV Spot as the starting point for calculating the amount of the cancellation costs.

26.3 Talpa Network may first deduct any bonus credit balances from the cancellation costs.

26.4 If a cancellation occurs, a transfer within the Campaigns of one Group Participant (and thus not between different Group Participants) is permitted.

26.5 Depending on the chosen Purchase Type, the Other Party may continue optimizing even after cancellation. Optimizing involves making both debit and credit entries. When increasing the total Campaign Budget, it is possible to increase the package budget proportionally if stock is available. Rebooking to Fixed Budget is always possible.

26.6 If the cancellation results from Talpa Network rejecting a Commercial for technical reasons or if there are objections to the content of a Commercial (e.g. following a ruling of the Dutch Advertising Code Authority), the cancellation provisions will also apply.

26.7 The cancellation provisions do not apply if the Campaign Budget TV Spot is withdrawn before Talpa Network allocates the requested TV Spot on the basis of the first round of requests.

26.8 In so far as the Agreement between Talpa Network and the Other Party relates to TV Billboarding, in the event of (partial) cancellation, Talpa Network is entitled to charge the Other Party the following cancellation fee with respect to the portion of the Agreement that has not been executed yet:

- a) 100 % of the reserved Campaign Budget, if the cancellation occurs within the one-week period before the broadcasting date of the first TV Billboard;
- b) 75 % of the reserved Campaign Budget, if the cancellation occurs within the two-week period before the broadcasting date of the first TV Billboard;
- c) 50 % of the reserved Campaign Budget, if the cancellation occurs within the four-week period before the broadcasting date of the first TV Billboard;
- d) 25% of the reserved Campaign Budget, if the cancellation occurs within the six-week period before the broadcasting date of the first TV Billboard.

Shifts are regarded as a cancellation and invoiced as such.

27. PURCHASE OPTIONS TV SPOT

27.1 General preconditions for Purchase Options TV Spot:

- All Purchase Options are subject to availability.

- Purchases are restricted to one target group per month for each Campaign/product.
- When classifying Commercial Broadcasting Time, Talpa Network reserves the right to give preference to requests with a higher price index over requests with a lower price index, and to replace Commercial Broadcasting Time that has already been allocated with a lower price index, for which purpose a replacement place can then be allocated. If the latter allocation turns out to be impossible, Talpa Network reserves the right to let all or part of the request that has already been allocated expire.
- If Fixed Budget purchases and Quantitative purchases are used for the same product in the same month, overscores and underscores will be set off against each other.
- If the budget of a Purchase Type is reduced during the term of the Annual Agreement, the Purchase Type will be paid on the basis of the actual GRPs achieved. If Spots are still booked on days that have already been closed, these GRPs will also be charged.
- Talpa Network is entitled to optimize all impending overscores and underscores for all Purchase Types. Talpa Network's forecasts are taken as the starting point at all times.
- As stipulated in the Annual Agreement, paid preferred positions take precedence over unpaid preferred positions.
- Talpa Network shall endeavor to implement the allocation of the preferred positions as set out in the Annual Agreement and take the Other Party's wishes into account for this purpose.
- The indicative channel allocation may be adjusted during the year.

27.2 Qualitative purchase

27.2.1 General preconditions for Qualitative purchases:

- The desired blocks for all 'fixed' purchases are selective on the core index and extra blocks must be indicated in the request so Talpa Network can grant it in the best possible way. At least 150% of the desired number of GRPs per request must therefore be requested. Failure to comply with this rule means that the request cannot be processed. Talpa Network shall ask the purchaser to adjust the request within 24 hours. If Talpa Network does not receive the adjusted request within 24 hours of its notice, it can no longer be considered with the initial request.
- Until two business days before the relevant broadcast, Talpa Network is entitled – if applicable, in consultation with the Agency – to convert random blocks into selective blocks. If the conversion is not made, Talpa Network will be entitled to cancel and debit the random block. In this case, the cancellation provisions of Article 26 will apply in full.
- If the term of the Fixed Budget request is shorter than Talpa Network's published minimum seven-day term, a 4% surcharge will apply. The term of the Campaign must be at least three (3) days in any event.
- The maximum Prime package budget is fixed after the purchasing deadline. When increasing the total Campaign Budget, it is possible to increase the package budget proportionally if stock is available. Rebooking to

Fixed Budget I always possible.

27.2.2 Ident Spots

An Ident Spot consists of the channel ident, the tailor-made isolated spot (five seconds) and a Commercial as from five seconds. Index correction applies to the total length of the isolated spot and the Commercial.

Ident Spots may only be requested in the form of Fixed Budget. The applicable index depends on the form in which they are broadcast. The index includes both the preferred position surcharge and the Fixed Budget index.

Once allocated, Ident Spots cannot be cancelled or changed, unless the Campaign as a whole ceases to exist.

27.3 Quantitative purchase

27.3.1 General preconditions for quantitative purchase:

The following preconditions apply to GRP packages:

- Fixed Priority: priority allocation in the TV Commercial Breaks, no guarantee of delivery. The index is published monthly.
- The promillage package (after 9 p.m.) may be purchased only for Commercials for alcoholic drinks and their low-alcohol versions.

27.4 Other options

27.4.1 Multiproduct advertising

The Other Party may arrange for Spots to be broadcast in which its different products or services are displayed and/or mentioned during TV Spot that it has booked on one or more TV Channels only after Talpa Network has given its consent prior to the Campaign request. This must then involve the same brand or product line.

27.4.2 Non-core product advertising

A 10% surcharge applies to each product that the Other Party advertises which does not fall within the scope of its core business. An example of this would be a bank advertising a telecommunications product. The decision as to what constitutes a non-core product is made at Talpa Network's discretion.

27.4.3 Joint promotion and joint advertising

Purchasing a joint promotion or joint advertising is permitted only if Talpa Network has obtained written consent prior to the Campaign. The storyboard or Commercial must be available for assessment at the same time the request is made to Talpa Network.

27.4.4 Principal and secondary advertiser

While it is inspecting the Commercial, the identity of the principal advertiser and the party making the request for Commercial Broadcasting Time must be clear to Talpa Network. The distinction between principal and secondary advertiser can be inferred from the extent to which both Parties are present in the Commercial, the use of the corporate identities and recognizable music (look & feel). Joint promotion and joint advertising Campaigns may only be placed on the contract of the principal advertiser.

Retailers that advertise their product range do not pay any surcharge. However, it must be clear that the retailer is requesting the Commercial Broadcasting Time. The Commercial must therefore have the retailer's 'look & feel'.

27.5 Surcharge for joint promotion and joint advertising

Talpa Network decides whether a Commercial involves a joint promotion or joint advertising and whether the Other Party has to pay a surcharge. The surcharge for a joint promotion or joint advertising is 10%. The surcharge for Twin Spots is calculated on both the basic and remaining Spots. If the surcharge is levied, an extra competition code will be allocated to the product.

The Other Party must state in its request that it involves a joint promotion or joint advertising. If this is not stated and Talpa Network discovers during the course of the Campaign that it involves a joint promotion or joint advertising, the surcharge will be calculated with retroactive effect.

The surcharge will be charged if at least one of the following circumstances occurs:

- The logo of the secondary advertiser is displayed for longer than three seconds.
- The logo of the secondary advertiser is prominently displayed.
- The Commercial includes both a logo and spoken text of the secondary advertiser.
- The corporate identity of the secondary advertiser is conspicuously displayed during the entire Commercial.
- Recognizable music belonging to the secondary advertiser's corporate identity can be heard in the Commercial.

PART III: CONDITIONS RADIO SPOT AND RADIO BILLBOARDING

28. APPLICABILITY

28.1 This Part III of the General Terms and Conditions applies exclusively to the purchase of Radio Spot and Radio Billboarding on the Radio Channels, whether or not as part of an Annual Agreement.

28.2 The sale of Radio Spot and Radio Billboarding on the Radio Channels is the responsibility of and is provided by One Media Sales B.V. (OMS). OMS is exclusively authorized by the Radio Channel to sell Radio Spot and Radio Billboarding on Radio Channels.

28.3 The provisions included in this Part III shall not apply to the purchase of TV Spot, TV Billboarding, Brand Partnerships and/or Digital Advertising.

29. RATES AND SURCHARGES

29.1 The Rates for the purchase of Radio Spot and Radio Billboarding on the Talpa Radio Channels are determined by Talpa Network. The Rates for the purchase of Radio Spot and Radio Billboarding on the Partner Radio Channels are determined by the relevant Partners.

29.2 All Rates mentioned on the rate card are gross Rates.

29.3 OMS is entitled to charge, on behalf of a Radio Channel, a surcharge to be published or to be agreed on a later date for:

- a) a preferred position that is requested for a Radio Commercial a roadblock;
- b) multiple Spots;
- c) Commercials that are recorded live;
- d) advertisements other than Commercials;
- e) mentions of several products and/or advertisers in one Commercial;
- f) all other advertisements to be determined by the relevant Radio Channel.

29.4 As of 1 May of each calendar year, the Provisional Basic Price for Radio Spot for all Other Parties with whom no Annual Agreement has yet been concluded will be increased by 5%.

30. BOOKING OF RADIO SPOT

30.1 The broadcasting schedules for the booking of Radio Spot, sent by OMS on request, become binding two working days after they have been sent to the Other Party or once they have been signed by the Other Party. OMS is entitled to deviate from the application for booking of Radio Spot mentioned in the broadcasting schedule within a reasonable margin within the same hour.

30.2 The Other Party is only entitled to change the booked broadcasting times in writing and five working days at the latest before the broadcast, and only and exclusively if another alternative broadcasting time is available. The cancellation provisions of Article 32 are applicable to this.

30.3 Last-minute bookings are possible up until the day of the transmission if the requested Radio Spot and the broadcasting material are available, advertising monitoring can take place, and after a signed quote has been received (by e-mail).

31. TRANSMISSION OF RADIO SPOT AND RADIO BILLBOARDING

31.1 OMS determines the distribution of the Commercials and Radio Billboards on the Radio Channel(s), the time periods and the days.

31.2 If, at the end of the contract period, it becomes apparent that there has been an underscore with regard to the supplied Radio Spot, the credit balance resulting from this can be used until 30 April of the following calendar year. OMS determines the distribution of the Commercials across the Radio Channels, time periods and days.

31.3 Compensation with regard to Radio Spot will always and exclusively be paid in Radio Spot. If the compensation credit at the end of the contract period is more than € 15,000 or more than 5% of the Annual Budget Radio Spot, OMS will refund this to the Other Party.

31.4 If necessary, OMS may increase or decrease the spot pressure in a flight in order to perform the annual GRP agreements.

32. CANCELLATION

32.1 If the Other Party cancels the booked Radio Spot Campaign, it will owe the Radio Channel(s) the following compensation:

- a) a cancellation fee of 5% of the amount involved for the cancelled part of the Agreement (cancelled Radio Spot Campaign Budget), provided the cancellation takes place more than five working days before the first broadcasting date to be cancelled; or
- b) 100% of the Campaign Budget that falls within the first 5 days after cancellation and 5% of the rest of the Campaign Budget.

32.2 In the event of cancellation of a Radio Billboarding Campaign, OMS is entitled to charge the following cancellation fee for the part of the Agreement that has not yet been performed:

- a) 100% of the booked Campaign Budget, if cancellation occurs within one week before the broadcast date of the first Radio Billboard;
- b) 75% of the booked Campaign Budget, if cancellation occurs within two weeks before the broadcast date of the first Radio Billboard;
- c) 50% of the booked Campaign Budget, if cancellation occurs within four weeks before the broadcast date of the first Radio Billboard;
- d) 25% of the booked Campaign Budget, if cancellation occurs within six weeks before the broadcast date of the first Radio Billboard.

32.3 The relevant Radio Channel will invoice the cancellation costs to the Other Party or the Agency. Cancellation costs must be paid by the Other Party or, if invoiced to the Agency, by the Agency to the relevant Radio Channel within 30 days of the invoice date, unless a different term is stated on the invoice.

32.4 OMS is entitled to use the broadcasting time that has become available as a result of the cancellation at its own discretion.

32.5 No discount is granted on cancellation fees.

33. COMMERCIALS

33.1 Commercials that are multiples of five seconds in length are accepted. If the stipulated length in seconds is exceeded, the next highest length is taken.

33.2 Every Commercial submitted, regardless of whether it contains music, must be accompanied by a fully completed 'form accompanying a radio commercial' intended for BUMA/STEMRA (Dutch Performance Rights Organisation) and SENA (Dutch Neighbouring Rights Society). If this form is not provided, the Other Party will be deemed to have fully indemnified OMS and the Radio Channel with respect to any claims from BUMA/STEMRA, SENA and/or individual

authors and publishers.

33.3 Commercials as well as support forms from BUMA/STEMRA and SENA must be submitted to OMS no later than 2 working days before the first broadcast date and must comply with OMS's Delivery Specifications.

33.4 If it has been agreed that the Commercials will be repeated, OMS and/or the Radio Channel may require that the accompanying music is supplied each time again in connection with the obligation laid down in Section 17b of the Dutch Copyright Act (*Auteurswet*).

33.5 If the broadcasting material is not supplied according to the standards mentioned, OMS and/or the Radio Channel reserve the right to suspend the scheduled transmission or to go ahead with the transmission as they see fit, without prejudice to the obligation that the Other Party has to pay the agreed Compensation and any additional costs promptly.

33.6 The Other Party is not permitted to broadcast Commercials in the Commercial Broadcasting Time that it is entitled to, related to other products and services that it requested as stated on the broadcasting schedule, unless it has prior written permission from OMS.

34. ASSESSING COMMERCIALS AND RADIO BILLBOARDS

34.1 Commercials and Radio Billboards are checked by OMS against the regulations referred to in Article 9. A Commercial or Radio Billboard may not be broadcast without OMS's approval. OMS is entitled to request changes to the Commercial and the Radio Billboard respectively.

34.2 At the request of the Other Party, OMS may provide advice on the basis of texts, demo recordings or other components with regard to the content and delivery of a Commercial or Radio Billboard. It is advisable to obtain this advice in good time if there are reasonable doubts about the admissibility of the content of a Commercial, Radio Billboard and/or the delivery thereof. However, the Other Party cannot exercise any rights on the basis of the advice and/or guidance provided by OMS and shall at all times be responsible for ensuring that the Commercial or the Radio Billboard respectively complies with the regulations referred to in Article 9 and the Delivery Specifications.

34.3 The check referred to in Article 34.1 also concern the broadcasting time (i.e. length) of the Commercial and the Radio Billboard respectively. If the broadcasting time is exceeded, the Radio Station is entitled to invoice for the additional length, in accordance with the provisions of Article 33.1, on the basis of the Rate mentioned on the applicable rate card.

35. INVOICING

35.1 The Fee due will be invoiced by the relevant Radio Channel.

35.2 Unless a different term is stated on the invoice, the Other Party will pay all amounts owed by it within thirty (30) days of the invoice date.

35.3 The Other Party is not entitled to suspend any payment obligations or other obligations.

35.4 After the term referred to in article 35.2 has expired, the Other Party will be in default and will owe the Radio Channel interest at the statutory interest rate increased by 2%.

35.5 If the Other Party is in default or fails in any other way to fulfil one or more of its obligations under the Agreement, all reasonable costs incurred in obtaining settlement out of court will be for its account. In any case, the Other Party will owe:

- 15% on the first € 2,500
- 14% on the excess up to € 5,000
- 10% on the excess up to € 12,500
- 6% on the excess up to € 50,000
- 5% on the excess up to € 100,000
- 4% on the excess

35.6 If the Radio Channel can demonstrate that it has incurred higher costs that were reasonably necessary, these will also qualify for reimbursement.

35.7 OMS may, on behalf of the Radio Channel, at any time, if it deems this desirable or necessary, request advance payment or security to be determined by OMS.

35.8 Dissolution of the Agreement between OMS and the Other Party for whatever reason shall have no consequences for the Other Party's payment obligations that have already arisen vis-à-vis the Radio Channel.

36. LIABILITY

36.1 OMS and the Radio Channel do not accept any liability with regard to the quality of the broadcast of a Commercial or with regard to the production process and the quality of a Commercial that has been produced by a third party on behalf of the Other Party through the mediation of OMS or the Radio Channel.

36.2 If third parties claim damages or demand that the broadcast be stopped, in or out of court, due to copyrights or neighbouring rights vested in them, or due to privacy issues or wrongful acts, the Other Party will grant full indemnity to both OMS and the Radio Channel against all damages and expenses. Furthermore, both OMS and the Radio Channel have the discretionary power to resolve third-party claims out of court through a settlement for any reasonable fee, which the Other Party is obliged to pay. The Other Party is also obliged to pay all reasonable costs arising from or related to legal proceedings instituted by a third party against OMS, and for which OMS is entitled to ask the Other Party for advance funding or

financial security, which the Other Party is obliged to provide immediately on request.

PART IV: CONDITIONS BRAND PARTNERSHIPS

37. CONTENT

- 37.1 In the event that, in connection with a Brand Partnerships Campaign, Content is created and/or produced by or by order of Talpa Network, for which the other Party must deliver (Advertising)material, the Other Party shall deliver such material in accordance with Talpa Network's directions and deadlines. Article 7 applies equally to the Advertising Material delivered by the Other Party.
- 37.2 Talpa Network is entitled to engage third parties in connection with the production of the Content. Talpa Network remains responsible towards the Other Party for the fulfilment of its obligations from the Agreement.
- 37.3 Talpa Network is entitled to utilize artificial intelligence tools ("AI tools") in the creation, production, development, and/or editing of a Brand Partnership Campaign and/or Content.
