WORKWEAR

## FOR DURABLE, STRETCHY AND COMFORTABLE WORK

PROF workwear is always made of durable, stretchy and breathable materials to make you feel comfortable for the entire working day. PROF workwear is inexpensive and of good quality and suits the needs of both professionals and home renovators.

### WORKING COMFORT AT THE CORE OF DESIGN

PROF workwear is a very good option for work both indoors and outdoors. The design of the clothes considers work postures, for example, the pants have stretching material in places that need to stretch. Therefore, the pants are well-suited to those required to spend a lot of time working on their knees or down on the floor.

### WIDE VARIETY OF HI-VIS PRODUCTS

The PROF workwear collection includes EN20471 compliant professional Hi-Vis clothes from pants to jackets and hoodies to weather-resistant clothing. The Hi-Vis product range includes both yellow and orange clothes.

The PROF clothing range includes weather-resistant clothing, softshell jackets, hoodies, winter jackets, short and long sleeve T-shirts and pants.

# Winter jacket

Hi-Vis

# HI-VIS WINTER JACKET PROTECTS FROM COLD AND WIND

The Hi-Vis PROF winter jacket is a warm, practical and waterproof winter jacket, which protects you in the harshest weather. The winter jacket is available in both Hi-Vis yellow and Hi-Vis orange.
