Exceptionally thick triple layered (aka Triplex) Luxe Business Cards are designed for anyone seeking the very best. They are made from two ultra thick business card boards fused with one of twelve vivid centre colours, providing a distinctive and luxurious finish that enhances any design.

**1** TOP / BOTTOM LAYER - Uncoated business card board

**2** CENTRE LAYER - Unocated coloured board

We recommend keeping solid colours away from the edge of Luxe Business Cards. Allow a 5mm unprinted margin from the trim area for best results.
