

US Nursing is inviting you to join their **Uber for Business** account. You now get to enjoy the same Uber app you know and love, but for all your work-related needs. Stress-free rides, personal rewards and simplified expensing are just a few taps away.

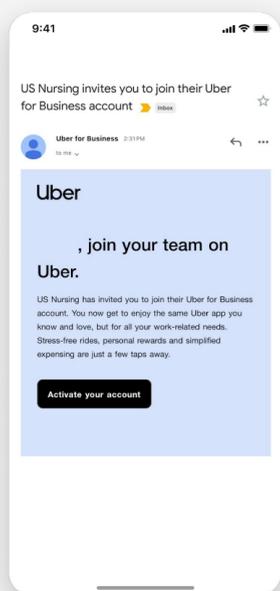

Use your mobile device's camera to scan the QR code that was sent to your email – that'll open the Uber app. Then tap Join now.

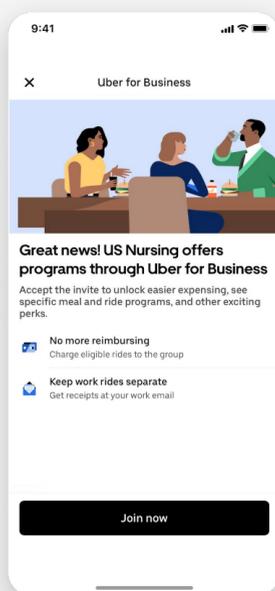

Once you're set up, seamlessly switch between personal and business rides by **toggling** to your **business profile** right before you confirm your ride in the Uber app. Your personal trips will never be shared with USN.
