

Finding STEM Ambassador support for British Science Week 2026

British Science Week (BSW) runs from 6–15 March 2026 and is a celebration of all things STEM. Engaging STEM Ambassadors can bring real-world expertise and inspiration into your classroom, helping students connect with science, technology, engineering and maths in meaningful ways.

BSW is the busiest of the year for STEM Ambassadors it is good to start planning in advance!

How can the STEM Ambassadors programme help with British Science Week?

Join one of our online information sessions to find out how the STEM Ambassadors Programme can support learning and provide inspiration during British Science Week 2026 and beyond.

In this 30-minute session, you will find out how the STEM Ambassadors Programme can support learning and provide inspiration during British Science Week 2026 and beyond. You will learn how to access 28,000 industry and HE volunteers from across the UK and how they can support this year's theme of 'Curiosity: what's your question?'. You'll also have the opportunity to ask questions.

Sign up for an upcoming session [here](#).

There are 2 ways to get a STEM Ambassador involved in your celebrations:

1. Join one of our school webinars: Throughout the week, we'll be running a variety of webinars, all hosted by STEM Ambassadors, for you to show your students in the classroom. These are all free and bookable via our [Eventbrite page](#). Make sure to follow our Eventbrite page to be notified when new webinars are added.
2. Post a request on the STEM Ambassadors platform: If you can't find a webinar to suit you, you can put up a request for a STEM Ambassador. Find full guidance on how to post a request [here](#). Not sure what to request? Use the template below to make an open request for a STEM Ambassador during BSW.

Please note: during British Science Week there are more requests from teachers and community groups than in other weeks of the year so we will not be able to fulfil all of them.

Template for posting a STEM Ambassador request

Type:

Presentation or Q&A

Name:

School looking for STEM Ambassador support for British Science Week 2026

Description:

We are looking for a STEM Ambassador to provide inspiration to our (age/year group) students during British Science Week, between the 9th to 13th March.

The theme for British Science Week 2025 is 'Curiosity: what's your question?' and we are open to any ideas related. We would be happy with any support you can offer, whether this is a presentation, Q&A, or a hands-on activity.

Please come on any weekday between 9th to 13th March. We are flexible about timings in either the morning or afternoon - let us know when works best for you.
