YOUR PARTNER TO  
**ACCELERATE  
BREAKTHROUGH  
INNOVATION  
AND  
CREATE VALUE**

**An Agile and Committed Team of Drug Developers for the Delivery of Quality Proof of Concept (PoC) Decisions**

- An autonomous, virtual R&D unit within Lilly specializing in lean to PoC
- Collaborating with our partners, internal and external to Lilly, since 2002
- Delivering innovative clinical design and quality data to enable key decisions

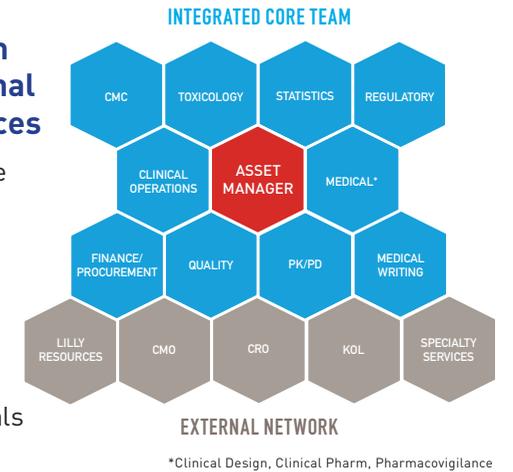

**Rapidly and Efficiently Advance Your Asset to PoC and Create Value**

**EXPERTISE**

**A Goal-Oriented, Integrated Core Team that Leverages Internal and External Resources**

- Unique team structure with a single point of contact
- Strong individual accountability and ownership
- Flexible, established network of professionals and service providers

**EFFICIENCY**

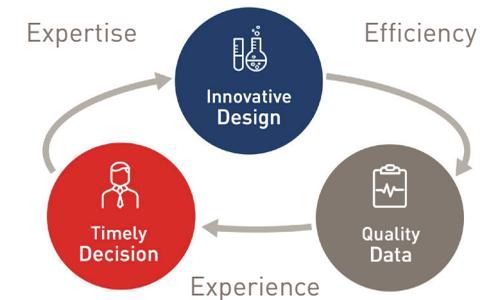

**Execute with High Efficiency through Combination of Core Capabilities and Operational Excellence**

- Deliver with three full time equivalents
- Autonomous operation processes
- Lilly infrastructure as needed

**VALUE**

**Position You to Make Quick, Definitive, Data-Driven Decisions**

**DELIVER VALUE TO OUR PARTNERS – MAKE LIFE BETTER FOR THE PATIENTS**
