---

Setup: Cut out each word so they are on their own individual slips. Mix the “hello” cards that are in a different language in a basket or lay them face down on a table.

Have each of the language cards face up on a table for viewing.

#### How to Play:

- Each person takes a turn picking a “hello” card from the basket or face down and read the card aloud.
- The person then chooses which language they think it is from the language cards on display.
- If they get it correct, they keep the pair and their turn ends.
- If they get it incorrect, do not share the correct answer, but put the “hello” card back and their turn ends.
- The next person can then take their turn.
- The person with the most correct pairs is crowned the “linguist” of the family!
